

Post Secondary Pathways

To nurture BBSSians to be self-directed learners with abundance mentality

Learn for Life

Equipping ourselves for a changing world

The question I've been asked the most is: what can I do to better prepare for a more uncertain, turbulent and volatile future?

*In such a world, what is more important is the ability to learn how to learn – to **keep on learning and re-learning**, and to **enjoy doing so...***

~ Educator Minister Lawrence Wong, COS 2021

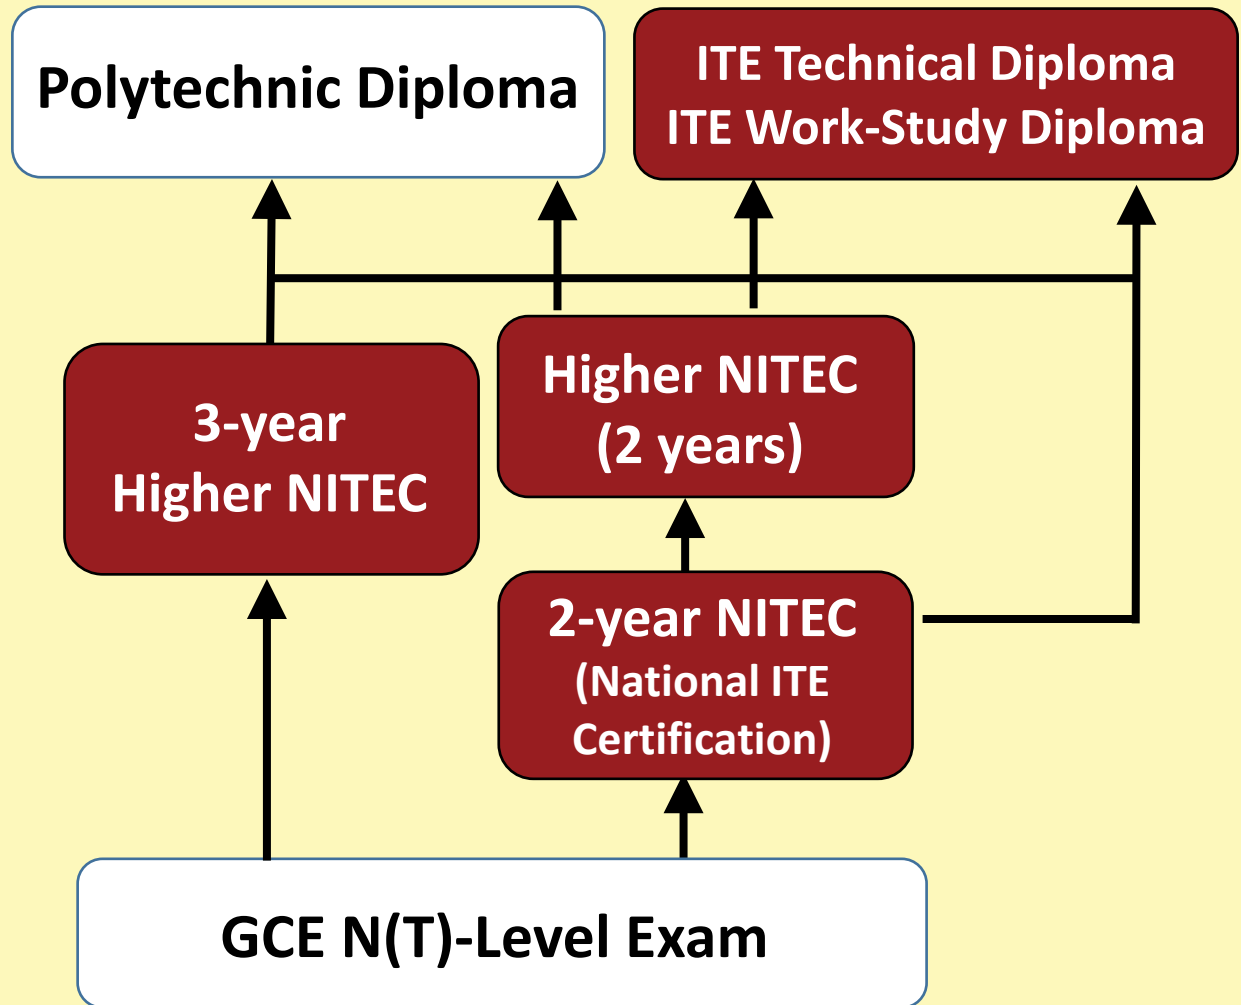

Key to Preparing Our Children for the Future

- Lay foundation in school by being engaged in all learning
- No single “right” or “ideal” course or subject that offers head-start. Consider own strengths and interests

Post-Secondary Pathways

Students could enter
work at any point
after NITEC or Higher
NITEC

Institute of Technical Education (ITE)
